SERVICE CATALOGUE

Microsoft Copilot & Cloud

Deploying and optimising the Microsoft cloud stack — from M365 Copilot adoption and change management through to Azure infrastructure modernisation. We help organisations get the full value from their Microsoft investment, backed by certified Microsoft Partner expertise.

PROVEN

Microsoft 365 Copilot Deployment

We deploy Copilot for M365 with structured adoption and change management to drive real productivity gains.

Azure Infrastructure Modernisation

We migrate and modernise workloads on Azure (IaaS and PaaS), reducing cost and improving agility.

NOW

Copilot for Dynamics 365

AI assistants for sales, customer service, marketing, and supply chain — embedded in your business applications.

Azure Virtual Desktop & Hybrid Workplace

Secure, scalable virtual desktop infrastructure enabling flexible and hybrid work models.

Microsoft 365 Governance & Tenant Optimisation

We optimise your M365 tenant for security, compliance, and cost efficiency.

Azure Landing Zones & Cloud Adoption Framework

Structured cloud adoption guidance following Microsoft best practices for security, governance, and operations.

ASPIRE

Copilot for Sales / Service — Full Rollout
