

SWASTHI COMPUTERS

SERVICE CATALOGUE

Managed IT Services

The foundation Swasthi has built since 1993. Onsite IT support, infrastructure management, and modern endpoint management — delivered to real clients for over three decades. Proven, reliable, and evolving with technology.

PROVEN

Backend Technical Support

Onsite IT support, incident resolution, and SLA-backed emergency support — delivered to real clients since 1993.

Network & Infrastructure Management

Proactive monitoring and management of networks, servers, and critical infrastructure.

Backup, Disaster Recovery & Business Continuity

We design and manage backup and DR solutions that keep your business running through disruptions.

NOW

Modern Endpoint Management

Intune, Autopilot, and Windows 365 deployment for secure, cloud-managed device lifecycles.

IT Strategy & Roadmap Consulting

We help you plan your IT investments — from budgeting and vendor selection to technology roadmaps aligned with business goals.

Vendor Management & Procurement

Hardware, software, and licensing procurement with vendor negotiation and lifecycle management.

ASPIRE

Cloud-Based IT Service Desk

We are developing a modern, cloud-hosted service desk platform with self-service portal, automated ticketing, and AI-assisted routing.

Ready to start your AI adoption journey?
