

SWASTHI COMPUTERS

SERVICE CATALOGUE

Swasthi Computers — Service Catalogue

Swasthi Computers LLP is a Chennai-based Microsoft Partner with 30+ years of IT expertise. We deliver enterprise AI adoption, cloud modernisation, data engineering, automation, security, and managed IT — with a growing focus on Industry 5.0 and predictive MRO. This document provides a consolidated view of every service we offer.

Enterprise AI Adoption

AI strategy, custom model development (Azure AI Foundry), RAG pipelines, Copilot Studio agents, governance frameworks, model fine-tuning, Azure OpenAI integration.

Microsoft Copilot & Cloud

M365 Copilot deployment, Copilot for Dynamics 365, Azure modernisation, Azure Virtual Desktop, M365 governance, cloud adoption framework.

Data Engineering & Big Data

Data pipelines (Azure Data Factory, Fabric), real-time analytics, lake/warehouse modernisation, Power BI, data governance (Purview), IoT data pipelines.

Automation & AIOps

Power Automate & Power Apps, AIOps, MLOps, predictive maintenance MRO models, monitoring and alerting pipelines.

Security

Security posture assessments, M365 Defender deployment, and Entra ID identity management — with emerging capability in Azure Sentinel SIEM/SOAR, zero-trust architecture, and compliance (Purview). Talk to us about your security roadmap.

Managed IT Services

Helpdesk support, network/infrastructure management, backup & DR, Intune/Autopilot, IT strategy consulting, vendor management.

Flagship: WindTrack — IoT Wind Turbine Monitoring

A live-deployed IoT proof of concept simulating 100 turbines across India-realistic wind zones (Tamil Nadu, Gujarat, Maharashtra, Rajasthan, Karnataka). Real-time asset and power generation dashboards. Next phase: predictive MRO model for component wear detection.

Ready to start your AI adoption journey?
